**We’ve Moved!**

On September 4, 2015, Care To Share relocated. The office is now located in the Holy Trinity Food Closet at 13715 SW Walker Road, Beaverton, Oregon.

It’s a tight fit, but we did it. Thanks to the help of **James Davis**, Care To Share moved to the new facility. A very special “thank you” to **Al Schmitt** and the Holy Trinity staff for providing this space at a huge savings for CTS and for making this all possible. The space includes a new phone system and updated technology.

While we have relocated, our services remain the same and our mission is to continue to help our all our neighbors in need.

**Southminster Presbyterian Church Foundation Community Resource Fair**

On October 11, 2015, Southminster Presbyterian Church Foundation held a community resource fair at their facility to bring awareness of the many resources available in the area. Care To Share participated and the event was well attended. Hopefully this will be an annual event as resources constantly change.

A heartfelt note of appreciation to the foundation and church for all that they do to support the community.

**Thank you!**

**Care to Share** is excited to welcome **Jenne Bowns-Fears**, Community Outreach for New Seasons Market, to the Board of Directors. Jenne brings extensive experience in outreach along with much enthusiasm and energy to BOD membership. She is serving as the Board’s new Secretary.

We would like to thank **Judee Fehsenfeld**, for her time and contribution while serving on the CTS BOD.

---

Care To Share's mission is to coordinate assistance to families and individuals seeking emergency food and other basic needs. We help people through crisis situations and connect them with other community services as needed. Care To Share is a 501c3 charity and donations are tax deductible to the extent of the law. Our tax identification number is: 93-0900348.
Great Day for a Fun/Run/Walk Benefitting Care To Share

Yes, it was at St. Matthew’s Lutheran Church second annual Fun/Run/Walk on July 26, 2015. Following the beautiful outdoor service, participants made their way around the course. Volunteers had food tables set up and great food was enjoyed by all. Special thanks to all the volunteers and Pastor Paul Lyda for all their hard work.

Thanks to the generosity of our donors, Care To Share was able to provide much needed assistance to a large number of families in 2015. However, we know there are still more out there that we have not yet reached. We need your help in getting the word out that Care To Share is here to help our neighbors in need. If you have a friend, neighbor, or family member that is struggling please have them call Care To Share. We are ready and eager to help them find the assistance they need.

Care To Share continues to find ways to help our neighbors and to be a valuable participant to the community in the quest to meet individual basic needs.

Care To Share continues to work with the Oregon Department of Human Resources/Portland Community College and other organizations to provide training to individuals attempting to enter/re-enter the workforce. Through this training they develop the required skills to obtain rewarding employment. Through this program, CTS has gained valuable employees. We currently have two individuals in the program. While this puts additional responsibilities on CTS staff, we know we are providing a valuable service to the community by assisting these individuals to become gainfully employed.

We want to acknowledge and show appreciation to the wonderful volunteers who have consistently assisted Care To Share staff on the phones. Thank you Jennifer Davis, Madeline Nelson, Linda Shanbeck, Linda Smith and Carolyn Schell. You are amazing and truly a blessing.
